## Calming Hydro Gel

### MOISTURISING CREAM-GEL

Calming Hydro Gel combines the benefits of a light, moisturising skincare cream with the soothing effect of an aftershave gel. The intensively hydrating formula is quickly absorbed into the skin, leaving it feeling pleasant and fresh.

Calming Hydro Gel contains Men's SuperMoist, an ingredient developed especially for men's skin, with an immediate and lasting moisturising effect. This ingredient contains the key components of the skin's natural moisturising factor (NMF), notably ions (potassium, magnesium, calcium and sodium), but also urea and lactate. Men's SuperMoist re-stimulates the retention of moisture, thereby improving both the smoothness and hydration of men's skin. At the same time, Men's Ultra Calm soothes the skin after shaving. The rescue remedy for irritated skin immediately soothes the skin and prevents razor burn. Additionally, Men's Ultra Calm rebuilds the damaged skin barrier and reduces inflammatory processes.

The result: Immediate sense of well-being after shaving, fresh and nurtured.

### Application

Apply Calming Hydro Gel to cleansed skin in the morning and/or evening and gently massage in. Also ideal as an after shave treatment.

### INGREDIENTS

- **Men's SuperMoist:** Contains key components of the skin's natural moisturising factor (NMF); moisturises; reduces wrinkles caused by dry skin
- **Short and long chain hyaluronic acid:** intensively moisturises and preserves the skin
- **Saccharide isomerate:** Skin identical carbohydrate complex to provide a lasting moisturising treatment for the skin. 72 hour long-term effect achieved via bonding with the keratinocyte cells in the skin
- **Panthenol:** Improves skin regeneration, boosts the skin's natural defences, reduces skin irritation, softens the skin
- **Men's Ultra Calm:** Contains blackcurrant seed oil, balloon plant extract, and the unsaponifiable components of sunflower oil; rich in essential and unsaturated fatty acids as well as phytosterols; soothes the skin after shaving
- **Aloe Vera:** Soothes the skin and counteracts redness
- **Vitamin E acetate:** Free radical scavenger, prevents photoaging
