SKIN TYPE

Oily to mixed skin types

PRODUCT GALENICS

Skin-toned balm

PRODUCT DESCRIPTION

Anti Blemish BALM is a toned balm for the targeted treatment of blemishes. Enriched with the extract of Alpine Epilobium (Willowherb), blemishes are treated, inflammation soothed and the sebum production of the skin regulated. The special colour provides perfect coverage and conceals redness.

EFFECTS AND CHARACTERISTICS

- Skin-toned balm
- Treats and inhibits skin blemishes
- Soothes inflammation
- Regulates the production of sebum

SPECIAL INGREDIENTS

- **Panthenol:** is a provitamin, anti-inflammatory, soothes itching and has a wound-healing effect.
- **Glycerine:** natural moisture retaining properties
- **Bisabolol:** the calming and anti-inflammatory properties counteract redness.
- **Epilobium Fleischeri Extract:** extract of Alpine Epilobium has an anti-inflammatory effect
- **Aloe Vera Extract:** the lily of the desert, the powder obtained from the dried leaves maintains moisture, is anti-inflammatory and softens.
- **Salicylic acid:** Salicylic acid, antimicrobial effect, anti-inflammatory, keratolytic
- **Caprylhydroxamic acid:** Amino acid from coconut oil, antimicrobial.

USE IN THE CABINE | AT HOME

After cleansing the skin, gently apply topically to pimples and spots and leave to work.

NOTE | TIP

Only use on unbroken pimples or spots.
