JANSSEN COSMETICS AMPOULES

- Supports skin regeneration
- Reduces lines and wrinkles
- Improves collagen synthesis
- Moisturizing
- Reduces age spots
- Gives new vitality and freshness
- Strengthens the effect of Vitaforce C Cream

Superfruit Fluid

FRUIT POWER AMPOULE WITH VITAMIN C

This fruity active ingredient ampoule with stabilized Vitamin C (Ascorbyl Glucoside) and Superfruit Complex has been developed to reduce fine lines and wrinkles and make the skin tone glow.

Ascorbyl Glucoside is a water-soluble, stable vitamin C derivative. It offers the same properties as vitamin C - anti-oxidant, skin-lightening, stimulates collagen synthesis and reduces wrinkles.

Fruit extracts from blueberry, kiwi, lime, goji berry and pomegranate are the ideal supplement to ascorbyl glucosides. The superfruits provide the skin with even more vitamins, polysaccharides, fruit acids and minerals for a fresh, even radiance.

In ampoule form, the pleasantly scented power formula is particularly stable and effective. It refreshes and invigorates the skin immediately and visibly, while at the same time enhancing the effect of Vitaforce C Cream.

Home care application

Gently distribute Superfruit Fluid over cleansed skin. To do this, break off the top of the ampoule, using a paper tissue to protect your hands, and pour the entire content into the palm of your hand. Then distribute evenly over the face and neck and press in gently. The apply the Vitaforce C Cream

For external use only.

ACTIVE SUBSTANCES

- **Ascorbyl glucosides:** Stabilized vitamin C derivative, stabilized against premature decomposition by the binding of a glucose molecule; penetrates the horny layer and is enzymatically cleaved to pure vitamin C; excellent antioxidant, increases collagen production, lightens the skin, reduces fine lines and wrinkles, protects against light-induced skin aging
- **Blueberry:** Rich in tannins, fruit acids, polysaccharides and bioflavonoids; has an anti-oxidative effect
- **Kiwi:** Rich in vitamin C, polysaccharides fruit acids, toning
- **Lime:** Contains vitamin C, astringent and refreshing
- **Goji Berry:** Contains vitamins (C- and B-group), minerals, amino acids, phenols and polysaccharides; anti-oxidative
- **Pomegranate:** Contains a high content of polyphenols, protects the skin from free radical damage
- **Glycerin:** Moisturizer; promotes the elasticity of the skin
