Skin Defense SERUM

Aqueous, transparent
gold coloured serum

30 ml dropper
50 ml dispenser

Short Description

Soothing serum for stabilizing and calming sensitive skin

Skin type

For all sensitive skin types

Description

Skin Defense SERUM is a highly-concentrated and therefore ultra-effective elixir with immediate and long-term effect. Its valuable active ingredients significantly reduce the skin's sensitivity and reactivity. Firstly, the serum soothes irritated skin immediately after application. Secondly, it is able to significantly reduce skin irritability in the long term. Skin sensitivity is significantly reduced by 60% after a 4-week period of application!

Purpose and function

- Reduces the skin's readiness to react
- Improves the skin's resilience
- Prevents irritation
- Restores the skin's own protection
- Supplies a particularly high quantity of moisture

Main active substances:

- **Pentavitin®***: Sustainably improves the skin's moisture retention capacity, as this combination of various sugar compounds binds firmly to the surface of the skin and is not rinsed off during washing. Pentavitin® prevents moisture loss – even under dry environmental conditions.
- **Linseed Hydrolysate**: Limits the penetration of irritating substances and therefore reduces skin reactions such as redness, heat, itching and feelings of tension.
- **Sensitive Complex**: Highly-active plant extract containing active substances from Asiatic Marsh Pennywort, Butcher's Broom, Calendula, Horse Chestnut and Liquorice Root; butcher's broom, calendula, horse chestnut and liquorice root; alleviates the signs of irritation (redness, swelling, feelings of tension).

Professional Application

Apply 2-4 drops onto the face, neck and neckline and press gently into the skin. Then apply one of the following masks: **BIOCELLULOSE MASK Age Defying**, **Calming Gel Mask** or **PEEL OFF FILMALGINE® Ultra Comfort Mask**.

Home Care Application

Apply 1-2 drops onto the cleansed skin of the face and neck in the morning and evening and allow to work in briefly. Then apply **Premium Age Protector SPF 30** or **Premium Age Protector Ultra SPF 30** in the morning and **Skin Defense CREAM** in the evening.
